SPECIAL GENERAL MEETING

On 4th May: After some brief discussion the quorum was confirmed (by a small margin) and the vote confirmed that we will continue running as a club. This was the first mandated step towards establishing a new constitution for the club, as required by recent legislation changes.

Watch this space for a familiarisation session about the constitution draft for all members who are interested - some time prior to AGM. This will include the presentation of a draft, opportunity for Q&A. Date to be advised (depends on pre-work being ready). This is all with the aim of having a motion to approve at the AGM

PRIZEGIVING

Prizegiving followed the SGM and was characterised this year by the number of winners across all fleets. The seniors racing has become anyone's race on the day, with points lining up equal for two or three sailors across many of the series.

COMING UP ...

30th May: Quiz night

The first of many winter extravaganzas

Come along to an evening of fun and a little bit of education.

Don't expect anything like a 'normal' pub quiz - everything will have a nautical connection, It will be interactive - and your quizmaster has never done this before! The emphasis will be on the Racing Rules of Sailing, using video animations on a big screen. Sounds dry? - not when the arguments and protests start!

For the total novice there will be an introduction to the basic rules, and you might find a ringer for your team. There'll also be a few Boatmaster questions to keep you on your toes, and some more general ones with a tenuous connection to the sea.

There may be prizes, but they're the sort you'd get from Brian FM (if they did prizes, which they don't).

The bar will open when I get there - maybe 5:30(?) - and the quiz will start at 6pm if there's someone to keep the bar open. Fish and chips at 7, courtesy of Catherine. Non-members will need to be signed in, and we're asking anyone over 16 to contribute \$10 for food.

- *Richard Johnson*
